

Vim, Vigor & Vitality

Beef, Iron and Wine

When the system is disordered and vitality is lacking, the blood is usually found to be deficient in iron. The ordinary forms of the iron are hard to take, because it injures the teeth and deranges digestion. In

Our Beef, Iron and Wine

you get iron at its best. The form used is perfectly soluble and absolutely harmless. It is acceptable to the stomach and passes at once into the circulation. Try this "best of all" tonic for any down condition of the system.

Why Our Prices Are Lowest

Don't Throw Your Money Away

Paying more for an article at one place than you would have to elsewhere is nothing more or less than throwing money away. Especially is this true in those cases in which you pay more for an article at one place than you would need to pay for a better article at another.

The Rexall Store

does most of its buying in combination with more than 5,000 other leading druggists of the United States. These combined purchases, tremendous indeed—representing many tens of millions of dollars annually—secure for us the best prices on the best goods in the best markets of the world.

Every patron of The Rexall Store gets the benefit of this buying power on every article he—or she—buys.

No other store than The Rexall Store has these buying advantages. That is why you can almost get lower prices, quality considered, at The Rexall Store than elsewhere.

If you buy all of your drugs, stationery, toilet goods and other drug store supplies at The Rexall Store, you will, we promise you, save many dollars annually.

The Boy Scouts, sixteen in number, boarded the train Monday morning for Abbotford, from which place they marched the three miles to Beard's hill, for a two week's encampment. W. H. Learmont took over an auto load of supplies and Rev. Charles who has charge of the boys. We trust the weatherman will put in some fine weather and that the Scouts will enjoy their outing to the utmost.

Mrs. Emma Rapley and daughter had quite a scare Tuesday about noon when the gasoline stove, which was being lighted, burst out in flames. The whole stove seemed to be afire and the flames roared to the ceiling. The fire department was called, but the strenuous efforts of the ladies subdued the blaze before the arrival of the hose cart, and we are glad to say that very little damage was done excepting to the nerves.

L. V. Crandell, county agriculturist, and O. K. White, field agent of the horticultural department will be at the farm of W. A. Cavanaugh, on Friday afternoon, June 20, to give a talk on spraying and pruning of trees. This will be a very interesting meeting and all of the farmers and people interested in fruit growing are invited to attend. Nearly every farmer has a few trees on his farm which could be easily trimmed at spare moments. It is for the benefit of these men with small orchards as the men with larger ones that these demonstrations are being held.

The Ladies' Benevolent society of the Presbyterian church are having some improvements made on the manse which will be a decided change for the better when finished. New and much larger posts have replaced the old ones on the veranda, and new steps have been added which are much easier to climb than the old ones. Several rooms inside have been repapered and painted and the exterior of the house will receive a fresh coat of paint, the latter a gift from Mrs. James McCall. The ladies are preparing to feel quite proud over the nice appearance of their church property.

Fine Hosiery

Is there any good reason for us carrying Blue Ribbon Hosiery if we knew of a better kind? We don't know of any, and this ought to show that we are confident of our line. In fact we are much more sure of the hosiery than we are of the weather. We have the hosiery ready, but the weather has backed up. Now, not saying anything about the weather coming, why not stock your requirement from our line and match up your dresses, just as an emergency precaution and be ready for the "corn weather" coming.

We have your size now and the color in this splendid line. As we have to order about six months ahead it is sometimes hard to fill in a color or size should we happen to run out and we suggest that you buy early.

Fine Dresses

If you are expecting to buy or even looking round for a ready-to-wear dress drop in at the old store and see our showing. We may have just what you've been looking for, and at a price surprisingly low. They run from \$1.00 to \$12.00 and are tasty.

Nothing Better

No, Cordelia, we know of nothing better for wear and tubbing than Imperial Chandra. We have it all colors at 15 cts per yard.

Jumping

Jumping the bars is cheaper than standing in front of them, but if you want to jump, well, equip yourself with our athletic underwear. We may have just what you've been looking for, and at a price surprisingly low. They run from \$1.00 to \$12.00 and are tasty.

For a New Waist

Sure things are sometimes uncertain, but we surely have some pretty cloths for waists. Some especially pretty numbers in white with black stripes and figures are here, as well as the more plainer designs, we are pleased to show you.

"A Good Place to Trade"

A Pleasure for the Wife

The woman who does her own baking should enjoy it immensely. Baking is really a pleasure and the source of much satisfaction if the housewife has much confidence in her results. But the excellency of her baking depends almost entirely on the quality of the ingredients which she uses.

"Yale Pride" and "Belle"

are milled and blended especially for home use. They are "satisfactory flours" and the wife is sure of inviting bread and pastries when she uses them.
